Mr. Watson B. Miller, Commissioner
Immigration and Naturalization
Department of Justice
Washington 25, D. C.

Dear Mr. Miller:

Your letter of 30 September, concerning the information your Service needs in administering a portion of the Displaced Persons Act, has been received and is now being studied by various branches of this Agency.

The difficulties you are undergoing are quite understandable, and we trust we shall be able to support you at least to some extent. Already we have made a preliminary check of the reference indices and have brought out some general studies on the subject of persecution. A study of these should indicate the source and nature of information available. If so, we shall get in touch with you to discuss your needs in more specific detail.

This study is being coordinated by our General Counsel, and his office will probably contact you in the early part of the week. If you have any one person you would like to assign for this purpose, please feel free to have him get in touch with Mr. Houston at any time.

Sincerely yours,
